GARLIC KING is a major processor of garlic, ginger, shallots and other ingredients for manufactures and restaurant chains. We are known for high products, competitive prices and on-time deliveries.

Our customers can choose from a wide variety of items within each category, for example we are proud to offer eighteen roasted garlic products. We are highly successful in matching current specifications for existing usages and enthusiastically support new product development teams.

Garlic King utilizes storage facilities in all major markets to minimize freight costs and lead times resulting in the lowest delivered price and minimal lead times for our customers.

We pride ourselves in understanding your unique requirements and look forward to working closely with you to meet them.
