

Garlic KING

With careful sourcing and minimal processing, we proudly offer authentic, premium ingredients delivered with exceptional service to food manufacturers, chain restaurants, and food service operators.

ALL-NATURAL, NON-GMO INGREDIENTS WITH ORGANIC OPTIONS

Since 1999, Garlic King has led the field with innovative garlic ingredients—currently featuring over 50 garlic products. Over time, we've expanded our product line to include ginger, shallots, onions, and peppers. Our clean label offerings are natural and Non-GMO and most of our products are available with organic certification.

APPLICATION EXPERTISE, R&D, AND CUSTOM FORMULATIONS

Our California Innovation Center is dedicated to customer ideations, custom formulations, and the exploration of culinary trends. If you need insight into how best to use our products in your applications or require a custom product, please take advantage of the expertise of our culinary team.

RELIABLE FOOD SAFETY

Food safety is our top priority. Our vendor partners follow strict processes that include HACCP, GFSI, BRC, and other third-party audits and are required to provide us with a Certificate of Analysis for each product. Once received, we conduct further testing at an independent certified lab before releasing.

MINIMAL LEAD TIME WITH OUR COAST-TO-COAST WAREHOUSE NETWORK

With 14 cold storage warehouse facilities in major markets across the US, we can easily get ingredients to you quickly while minimizing freight costs. Our production and turnaround times are ideal for ensuring the freshness and shelf life of your end products.
